COMPACT, SIMPLE AND HIGH PERFORMING,  
BLUBAR IS THE WATER DISPENSER FOR GREAT PERFORMANCE.  
PERFECT FOR PROFESSIONAL USE.

As a result of two different cooling technologies, Blubar is the professional  
and high performing choice in all “capacities”.

Blubar gives the best user experience for hoteliers and restaurant owners who require a solid, elegant and  
convenient dispenser. Blupura professional equipment is synonymous with simplicity, functionality and reliability  
together with energy saving for hospitality industry professionals.

### “Beer Tap”

Blubar is available with the option of manual mechanical taps which enable the filling of two bottles at the same time.

### Inox Touch

Blubar adapts to every dispensing “style”. Featuring “Inox Touch” high-quality steel buttons, highly professional and customizable with a “portion control” option.

### Cabinet

Two different types of design cabinets are available, designed with style and functionality. Both the models are made of stainless steel, with adjustable feet and a bracket for securing filters inside the cabinet. As an option, it is possible to install the tank alarm, which is the 5-litre tank fitted with fill level alarm.

### Portion Control

High-quality stainless steel dispensing buttons provide a more accurate water supply, as well as the volumetric portioning, which enables the customization of the amounts delivered, for a convenient, rapid service.

Natural Gas R290  
An environmentally-friendly  
choice, with the benefit  
of a more silent compressor.

Completely constructed  
in stainless steel and features  
a backlit plexiglass front panel.

Thanks to its stylish and professional design,  
BLUBAR gives a boost to any environment.

BLUBAR "Beer" Tap model is the perfect solution for public areas where the traditional tapping system is still preferred.

The drip tray has an option to "drain to waste" if required.

## OPTIONAL EXTRAS

In-line filters

Filter + Head

UVC Led In

Outlet filters

UVC Led Out  
(only for I.T. models)

or

Nano Silver Pipe  
(only for I.T. models)

Bluprotection

Other

Water Block  
(to ensure correct installation, the water block is essential on the "beer tap" version)

BLUBAR Tray with outlet  
(standard for the 30/60 Lt/h. versions)

## ACCESSORIES

BLUBAR Cabinet 30 - 60

BLUBAR Cabinet 80

5 Lt. tank with re-fill alarm

Water pressure reducer

CO<sub>2</sub> pressure reducer with 2 pressure gauge (only for Fizz models)

Incremental digital litre-counter 6000R

or

Decremental digital litre-counter 8000T

or

Mechanical litre-counter
